

PERFORATED MAGNETIC DOUBLE-SIDED POCKETS - A4 LANDSCAPE

Coloured perforated pockets for a LEAN thematic display of your information in an industrial environment.

Product description:

- Thick and resistant double-sided flexible PVC pockets.
- Transparent anti-reflective PVC.
- Top edge with 11 hanging holes.
- Bottom edge with two integrated neodymium magnets.
- Available for A4 format.
- Can be used in portrait or landscape.
- Sheet insertion from the short side.
- Available in 4 colours: blue, red, yellow and green.

Unique selling points:

- Phthalate-free PVC (REACH).
- Extremely flexible and durable.
- Ultra-visible colours for coded displays.
- Universal 11-hole perforations compatible with many mechanisms.
- Extra strong magnets to ensure optimum hold of the pockets on the surface or to each other.
- Pockets can be held open to the desired page.
- Insertion from the short side ensures that the document can never fall out: horizontally the document is inserted from the side and vertically the document is inserted from the top.

Use:

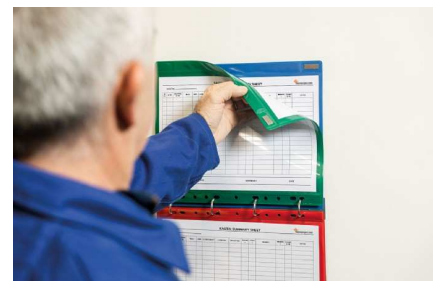

- For display on whiteboards or any metal surface.
- Allows documents to be consulted on a communication board or near a workstation.
- Used for LEAN, TQM, 5S thematic display of information.
- Ideal for displaying work methodology, processes, operating modes, daily records, work instructions, etc.

Technical characteristics:

- 350 µ colour PVC.
- Transparent anti-reflective grained PVC 200 µ.
- Neodymium magnets: adhesion strength 1.10 kg.
- Dimensions: 315 x 265 mm.
- Made in France.

Packaging:

- 5 pieces per 100 % recycled Kraft box 390 x 275 x 45 mm.
