| 2. Hazard(s) identification                  |  |
| Physical hazards                             | Not classified.  |
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Potential routes of overexposure to this product are skin and eye contact.<br>Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this<br>product under normal use conditions. |
|  | Complete toxicity data are not available for this specific formulation.  |
| Supplemental information                     | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

3. Composition/information on ingredients

**Mixtures** 

| Chemical name                          | Common name and synonyms | CAS number   | %     |
|--|--------------------------|--------------|-------|
| Water                                  |                          | 7732-18-5    | 70-95 |
| Copper phthalocyanine direct dye salt* |                          | Proprietary* | < 5   |

| Chemical name   | Common name and synonyms  | CAS number                        | %                      |
|---|---|-----------------------------------|------------------------|
| magnesium nitrate hexahydrate   |   | 13446-18-9                        | < 2.5                  |
| Composition comments  | This ink supply contains an aqueous ink forr<br>This product has been evaluated using crite<br>Communication Standard).   |                                   | 00 (Hazard             |
| 4. First-aid measures   |   |                                   |                        |
| Inhalation  | Remove to fresh air. If symptoms persist, ge  | t medical attention.              |                        |
| Skin contact  | Wash affected areas thoroughly with mild so develops or persists.   | oap and water. Get medical atter  | tion if irritation     |
| Eye contact   | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |                                   |                        |
| Ingestion   | If ingestion of a large amount does occur, se   | eek medical attention.            |                        |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Not available.  |                                   |                        |
| 5. Fire-fighting measures   |   |                                   |                        |
| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular for   | oam.                              |                        |
| Unsuitable extinguishing<br>media   | None known.   |                                   |                        |
| Specific hazards arising from the chemical                                | None known.   |                                   |                        |
| Special protective equipment and precautions for firefighters             | Not available.  |                                   |                        |
| Specific methods  | None established.   |                                   |                        |
| 6. Accidental release meas  | sures   |                                   |                        |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipr   | nent.                             |                        |
| Methods and materials for containment and cleaning up                     | Dike the spilled material, where this is possi<br>or diatomaceous earth, commercial sorbents  |                                   | such as dry clay, sand |
| Environmental precautions   | Do not let product enter drains. Do not flush   | into surface water or sanitary se | ewer system.           |
| 7. Handling and storage   |   |                                   |                        |
| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.   |                                   |                        |
| Conditions for safe storage, including any incompatibilities              | Keep out of the reach of children. Keep awa   | y from excessive heat or cold.    |                        |
| 8. Exposure controls/perse  | onal protection   |                                   |                        |
| Occupational exposure limits  | This mixture has no ingredients that have Pl  | EL, TLV, or other recommended     | exposure limit.        |
| Biological limit values   | No biological exposure limits noted for the in  | ngredient(s).                     |                        |
| Exposure guidelines   | Exposure limits have not been established for   | or this product.                  |                        |
| Appropriate engineering<br>controls                                       | Use in a well ventilated area.  |                                   |                        |
| Individual protection measures, s<br>Eye/face protection                  | such as personal protective equipment<br>Not available.   |                                   |                        |
| Skin protoction   |   |                                   |                        |
| Skin protection   |   |                                   |                        |
| Hand protection   | Not available.  |                                   |                        |

| Other                             | Not available.   |
|-----------------------------------|--|
| <b>Respiratory protection</b>     | Not available.   |
| Thermal hazards                   | Not available.   |
| General hygiene<br>considerations | Handle in accordance with good industrial hygiene and safety practice. |

# 9. Physical and chemical properties

#### Appearance

| Physical state                               | Liquid.   |  |
|--|---|--|
| Form   | Not available.  |  |
| Color  | Cyan  |  |
| Odor   | Not available.  |  |
| Odor threshold                               | Not available.  |  |
| рН   | 8 - 8.4   |  |
| Melting point/freezing point                 | Not available.  |  |
| Initial boiling point and boiling range      | Not determined  |  |
| Flash point                                  | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup          |  |
| Evaporation rate                             | Not determined  |  |
| Flammability (solid, gas)                    | Not available.  |  |
| Upper/lower flammability or explosive limits |   |  |
| Flammability limit - lower<br>(%)            | Not available.  |  |
| Flammability limit - upper<br>(%)            | Not available.  |  |
| Explosive limit - lower (%)                  | Not available.  |  |
| Explosive limit - upper (%)                  | Not available.  |  |
| Vapor pressure                               | Not determined  |  |
| Vapor density                                | >= 1 (air = 1.0)  |  |
| Relative density                             | Not available.  |  |
| Solubility(ies)                              |   |  |
| Solubility (water)                           | Soluble in water  |  |
| Partition coefficient<br>(n-octanol/water)   | Not available.  |  |
| Auto-ignition temperature                    | Not available.  |  |
| Decomposition temperature                    | Not available.  |  |
| Viscosity                                    | <= 2 cp   |  |
| Other information                            | For other VOC regulatory data/information see Section 15. |  |
| Oxidizing properties                         | Not determined  |  |
| VOC  | < 156 g/L   |  |
| 40 Stability and reactivity                  |   |  |

# 10. Stability and reactivity

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

# 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--|--|
| Skin contact   | Contact with skin may result in mild irritation.   |
| Eye contact  | Contact with eyes may result in mild irritation.   |
| Ingestion  | Health injuries are not known or expected under normal use.  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Not available.   |

#### Information on toxicological effects

| Further information  | Complete toxicity data are not available for this specific formulation<br>Refer to Section 2 for potential health effects and Section 4 for first aid measures. |  |
|--|---|--|
| Aspiration hazard  | Based on available data, the classification criteria are not met.   |  |
| Specific target organ toxicity - repeated exposure             | Based on available data, the classification criteria are not met.   |  |
| Specific target organ toxicity - single exposure               | Based on available data, the classification criteria are not met.   |  |
| Reproductive toxicity  | Based on available data, the classification criteria are not met.   |  |
| Not listed.  |   |  |
| Not regulated.   | gram (NTP) Report on Carcinogens  |  |
| OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) |   |  |
| Not listed.  | Evaluation of Carcinogenicity   |  |
| Carcinogenicity  | Based on available data, the classification criteria are not met.   |  |
| Germ cell mutagenicity   | Based on available data, the classification criteria are not met.   |  |
| Skin sensitization   | Based on available data, the classification criteria are not met.   |  |
| Respiratory sensitization                                      | Based on available data, the classification criteria are not met.   |  |
| Respiratory or skin sensitization                              |   |  |
| Serious eye damage/eye irritation                              | Based on available data, the classification criteria are not met.<br>Not classified as an irritant according to, Rabbit Enucleated Eye Test.                    |  |
| Skin corrosion/irritation                                      | Based on available data, the classification criteria are not met.   |  |
| Acute toxicity   | Based on available data, the classification criteria are not met.   |  |

#### 12. Ecological information

| Aquatic toxicity              | This product has not been tested for ecological effects. |
|-------------------------------|--|
| Ecotoxicity                   | No ecotoxicity data noted for the ingredient(s).         |
| Persistence and degradability | Not available.   |
| Bioaccumulative potential     | Not available.   |
| Mobility in soil              | Not available.   |
| Other adverse effects         | Not available.   |

#### 13. Disposal considerations

 Disposal instructions
 Do not dispose of together with general office waste.

 Do not allow this material to drain into sewers/water supplies.
 Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.

 HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies.
 For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle.

## 14. Transport information

## DOT

Not regulated as dangerous goods.

## ΙΑΤΑ

Not regulated as dangerous goods.

## IMDG

Not regulated as dangerous goods.

## ADR

Not regulated as dangerous goods.

## Further information

Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

## 15. Regulatory information

US federal regulations

US TSCA 12(b): Does not contain listed chemicals.

| 2. Hazard(s) identification                  |  |
| Physical hazards                             | Not classified.  |
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Potential routes of overexposure to this product are skin and eye contact.<br>Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this<br>product under normal use conditions. |
|  | Complete toxicity data are not available for this specific formulation.  |
| Supplemental information                     | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical name                       | Common name and synonyms | CAS number   | %     |
|-------------------------------------|--------------------------|--------------|-------|
| Water                               |                          | 7732-18-5    | 65-85 |
| 2-pyrrolidone                       |                          | 616-45-5     | < 7.5 |
| Polycyclic sulfonic acid, TMA salt* |                          | Proprietary* | < 7.5 |

| Chemical name   | Common name and synonyms  | CAS number                       | %                      |
|---|---|----------------------------------|------------------------|
| magnesium nitrate hexahydrate   | 13446-18-9  |                                  | < 2.5                  |
| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard).                        |                                  | 00 (Hazard             |
| 4. First-aid measures   |   |                                  |                        |
| Inhalation  | Remove to fresh air. If symptoms persist, ge  | et medical attention.            |                        |
| Skin contact  | Wash affected areas thoroughly with mild so develops or persists.   | pap and water. Get medical atter | tion if irritation     |
| Eye contact   | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |                                  |                        |
| Ingestion   | If ingestion of a large amount does occur, se   | eek medical attention.           |                        |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Not available.  |                                  |                        |
| 5. Fire-fighting measures   |   |                                  |                        |
| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular for   | oam.                             |                        |
| Unsuitable extinguishing<br>media   | None known.   |                                  |                        |
| Specific hazards arising from the chemical                                | None known.   |                                  |                        |
| Special protective equipment<br>and precautions for firefighters          | Not available.  |                                  |                        |
| Specific methods  | None established.   |                                  |                        |
| 6. Accidental release meas  | sures   |                                  |                        |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipr   | ment.                            |                        |
| Methods and materials for containment and cleaning up                     | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sa or diatomaceous earth, commercial sorbents, or recover using pumps.                         |                                  | such as dry clay, sand |
| Environmental precautions   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |                                  | ewer system.           |
| 7. Handling and storage   |   |                                  |                        |
| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.   |                                  |                        |
| Conditions for safe storage,<br>including any incompatibilities           | Keep out of the reach of children. Keep awa   | y from excessive heat or cold.   |                        |
| 8. Exposure controls/perse  | onal protection   |                                  |                        |
| Occupational exposure limits  | This mixture has no ingredients that have Pl  | EL, TLV, or other recommended    | exposure limit.        |
| Biological limit values   | No biological exposure limits noted for the ingredient(s).  |                                  |                        |
| Exposure guidelines   | Exposure limits have not been established for this product.   |                                  |                        |
| Appropriate engineering<br>controls                                       | Use in a well ventilated area.  |                                  |                        |
| Individual protection measures, s<br>Eye/face protection                  | such as personal protective equipment<br>Not available.   |                                  |                        |
| Skin protection<br>Hand protection  | Not available.  |                                  |                        |
|   |   |                                  |                        |

# 9. Physical and chemical properties

#### Appearance

| Physical state                             | Liquid.   |
|--|---|
| Form                                       | Not available.  |
| Color                                      | Magenta   |
| Odor                                       | Not available.  |
| Odor threshold                             | Not available.  |
| рН   | 8 - 8.4   |
| Melting point/freezing point               | Not available.  |
| Initial boiling point and boiling range    | Not determined  |
| Flash point                                | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup          |
| Evaporation rate                           | Not determined  |
| Flammability (solid, gas)                  | Not available.  |
| Upper/lower flammability or exp            | losive limits   |
| Flammability limit - lower<br>(%)          | Not available.  |
| Flammability limit - upper<br>(%)          | Not available.  |
| Explosive limit - lower (%)                | Not available.  |
| Explosive limit - upper (%)                | Not available.  |
| Vapor pressure                             | Not determined  |
| Vapor density                              | >= 1 (air = 1.0)  |
| Relative density                           | Not available.  |
| Solubility(ies)                            |   |
| Solubility (water)                         | Soluble in water  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | <= 2 cp   |
| Other information                          | For other VOC regulatory data/information see Section 15. |
| Oxidizing properties                       | Not determined  |
| VOC  | < 156 g/L   |
| 40 Stability and reactivity                |   |

# 10. Stability and reactivity

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

# 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--|--|
| Skin contact   | Contact with skin may result in mild irritation.   |
| Eye contact  | Contact with eyes may result in mild irritation.   |
| Ingestion  | Health injuries are not known or expected under normal use.  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Not available.   |

#### Information on toxicological effects

| Acute toxicity                                     | Based on available data, the classification criteria are not met.  |  |
|--|--|--|
| Components   | Species Test Results   |  |

# 3. Composition/information on ingredients

Supplemental information

#### **Mixtures**

| Chemical name    | Common name and synonyms | CAS number   | %     |
|------------------|--------------------------|--------------|-------|
| Water            |                          | 7732-18-5    | 65-85 |
| 2-pyrrolidone    |                          | 616-45-5     | < 7.5 |
| Yellow colorant* |                          | Proprietary* | < 7.5 |

This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).

| Chemical name   | Common name and synonyms  | CAS number                       | %                  |  |  |
|---|---|----------------------------------|--------------------|--|--|
| magnesium nitrate hexahydrate   |   | 13446-18-9                       | < 2.5              |  |  |
| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard).                        |                                  |                    |  |  |
| 4. First-aid measures   |   |                                  |                    |  |  |
| Inhalation  | Remove to fresh air. If symptoms persist, ge  | t medical attention.             |                    |  |  |
| Skin contact  | Wash affected areas thoroughly with mild so develops or persists.   | oap and water. Get medical atter | tion if irritation |  |  |
| Eye contact   | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |                                  |                    |  |  |
| Ingestion   | If ingestion of a large amount does occur, se   | eek medical attention.           |                    |  |  |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Not available.  |                                  |                    |  |  |
| 5. Fire-fighting measures   |   |                                  |                    |  |  |
| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular for   | oam.                             |                    |  |  |
| Unsuitable extinguishing<br>media   | None known.   |                                  |                    |  |  |
| Specific hazards arising from the chemical                                | None known.   |                                  |                    |  |  |
| Special protective equipment and precautions for firefighters             | Not available.  |                                  |                    |  |  |
| Specific methods  | None established.   |                                  |                    |  |  |
| 6. Accidental release meas  | sures   |                                  |                    |  |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipr   | nent.                            |                    |  |  |
| Methods and materials for containment and cleaning up                     | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, or diatomaceous earth, commercial sorbents, or recover using pumps.                            |                                  |                    |  |  |
| Environmental precautions   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |                                  |                    |  |  |
| 7. Handling and storage   |   |                                  |                    |  |  |
| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.   |                                  |                    |  |  |
| Conditions for safe storage, including any incompatibilities              | Keep out of the reach of children. Keep away from excessive heat or cold.   |                                  |                    |  |  |
| 8. Exposure controls/perse  | onal protection   |                                  |                    |  |  |
| Occupational exposure limits  | This mixture has no ingredients that have Pl  | EL, TLV, or other recommended    | exposure limit.    |  |  |
| Biological limit values   | No biological exposure limits noted for the in  | ngredient(s).                    |                    |  |  |
| Exposure guidelines   | Exposure limits have not been established for   | or this product.                 |                    |  |  |
| Appropriate engineering<br>controls                                       | Use in a well ventilated area.  |                                  |                    |  |  |
| Individual protection measures, s<br>Eye/face protection                  | such as personal protective equipment<br>Not available.   |                                  |                    |  |  |
| Skin protoction   |   |                                  |                    |  |  |
| Skin protection   |   |                                  |                    |  |  |
| Hand protection   | Not available.  |                                  |                    |  |  |

| Other                             | Not available.   |

# 9. Physical and chemical properties

#### Appearance

| Physical state                             | Liquid.   |
|--|---|
| Form                                       | Not available.  |
| Color                                      | Yellow  |
| Odor                                       | Not available.  |
| Odor threshold                             | Not available.  |
| рН   | 8 - 8.4   |
| Melting point/freezing point               | Not available.  |
| Initial boiling point and boiling range    | Not determined  |
| Flash point                                | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup          |
| Evaporation rate                           | Not determined  |
| Flammability (solid, gas)                  | Not available.  |
| Upper/lower flammability or exp            | losive limits   |
| Flammability limit - lower<br>(%)          | Not available.  |
| Flammability limit - upper<br>(%)          | Not available.  |
| Explosive limit - lower (%)                | Not available.  |
| Explosive limit - upper (%)                | Not available.  |
| Vapor pressure                             | Not determined  |
| Vapor density                              | >= 1 (air = 1.0)  |
| Relative density                           | Not available.  |
| Solubility(ies)                            |   |
| Solubility (water)                         | Soluble in water  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | <= 2 cp   |
| Other information                          | For other VOC regulatory data/information see Section 15. |
| Oxidizing properties                       | Not determined  |
| VOC  | < 155 g/L   |
| 40 Stability and reactivity                |   |

# 10. Stability and reactivity

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

# 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--|--|
| Skin contact   | Contact with skin may result in mild irritation.   |
| Eye contact  | Contact with eyes may result in mild irritation.   |
| Ingestion  | Health injuries are not known or expected under normal use.  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Not available.   |

#### Information on toxicological effects

| Acute toxicity  | Based on available data, the classification criteria are not met.  |  |  |
|---|--|--|--|
| Components  | Species Test Results   |  |  |

|                       | HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle. |

#### 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

#### ADR

Not regulated as dangerous goods.

#### **Further information**

Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

#### 15. Regulatory information

**US** federal regulations US TSCA 12(b): Does not contain listed chemicals.

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

**CERCLA Hazardous Substance List (40 CFR 302.4)** 

Not listed.

SARA 304 Emergency release notification

Not regulated.

#### OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not regulated.

#### Superfund Amendments and Reauthorization Act of 1986 (SARA)

| Hazard categories | Immediate Hazard - No<br>Delayed Hazard - No<br>Fire Hazard - No<br>Pressure Hazard - No<br>Reactivity Hazard - No |
|-------------------|--|
|                   |  |

#### SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous No

chemical

#### Other federal regulations

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

| Not regulated.          |  |
|-------------------------|--|
| Safe Drinking Water Act |  |

| Safe Drinking Water Act<br>(SDWA) | Not regulated.   |
|-----------------------------------|--|
| Other information                 | VOC content (less water, less exempt compounds) = < 527 g/L (U.S. requirement, not for emissions)<br>VOC data based on formulation (Organic compounds minus solids)  |
| Regulatory information            | All chemical substances in this HP product have been notified or are exempt from notification under chemical substances notification laws in the following countries: US (TSCA), EU (EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea, New Zealand, and China. |

#### 16. Other information, including date of preparation or last revision

| Issue date        | 07-Sep-2017   |
|-------------------|---|
| Version #         | 01  |
| Other information | This SDS was prepared in accordance with USA OSHA Hazard Communications regulation (29 CFR 1910.1200).  |
| Disclaimer        | This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries. |

**Revision information**
